

BIG FOOT®
SYSTEMS

PRODUCT SPECIFICATION

Product: AV Pad & Vibro Mat

Manufacturer: Big Foot Systems

Offers protection between frame, unit and roof

Features & Benefits

- **Vibro Mat** offers Roof Surface Protection
- **AV Pad** dampens Vibration and Noise
- Large Range of Sizes
- 10 Years Product Guarantee

Vibro Mat

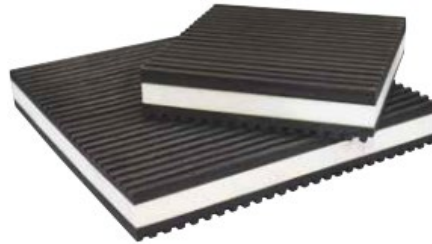

Vibro Mats are a durable range of rubber mats that can lay directly on roof insulation to protect the surface from damage from foot fall and ancillary equipment. Ideal for protective roof walkways, available in 5 different sizes.

Small Strip and **Large Strip** are rectangular variants with steel plated core. **Plain Strip**, **Plain Tile 400** and **Plain Tile 500** do not have steel plated core.

AV Pad

AV Pads are designed to reduce noise and dampen vibration.

Contains anti-vibration core is made from Ethylene vinyl acetate polymeric foam sandwiched between two corrugated anti-slip rubber layers. Ideal for isolating units from the Big Foot Frame. Available in 6 sizes.
